CERTIFIED RETURN RECEIPT
7002 0510 0003 8603 3233

Mr. A. G. Cooper
Green River Project, LLC
14405 Walters Road, Suite 330
Houston, Texas 77014

Subject: Right-of-Entry and Map Updates; Green River Project, LLC; Green River Mine; S/019/058; Grand County; Utah

Dear Mr. Cooper:

On August 17, 2005, Division inspector Paul Baker visited your mine site in Grand county. A copy of the inspection report is enclosed.

Mr. Baker took global positioning system (GPS) readings around the perimeter of the newly-disturbed area, and they are plotted on the enclosed map. Also shown on this map are a previously disturbed area (green) and the boundaries of your disturbed area as shown in your Notice of Intention to Commence Small Mining Operations (Notice) (yellow trapezoid).

As you can see, the area actually disturbed by the operation is outside the area you designated in your Notice. To correct this problem, please provide the following information:

1. Please submit a new map showing the disturbed area boundary. This boundary needs to include the area that has been disturbed and additional area to total 4.13 acres. Once the Division has accepted this new map, it will need to be included in your reclamation contract. At that time, we will send you a letter accepting the map and asking that you sign a statement to include the map in the reclamation contract.

Mr. A. G. Cooper

2. Please indicate whether you have right of entry for this area.

Please provide this information no later than September 26, 2005, and notify us if there will be a delay. Failure to do so could result in enforcement action.

Thank you for your cooperation. If you have questions about this letter please call me at 801-538-5258 or Paul Baker at 801-538-5261.

Sincerely,

Susan M. White
Minerals Regulatory Program
Mining Program Coordinator
